

Questionable ideas. *Unreasonable* care.

Things Michael Yazdani makes, writes, and stays up too late for. Warm and bookish on the outside. Precise on the inside.

THE FAMILY

One parent. A few *bad* decisions.

 BAD
 DECISIONS

An absurdly overengineered party game engine.

Peer Pressure

Bad Decisions, live in the same room. Plain type; never its own logo.

\$ regret

The terminal client. Regret in prose, **regret** when typed.

R
 DAILY
 REGRETS

A Bluesky bot. One card every morning.

COLOUR

Latte, ink, and

burnt orange.

Orange is for fills and big type. Small orange text uses orange-dark. Never more than one orange hero on screen. Every text pair clears 4.5:1 in both.

TYPE & VOICE

Three families.

One job each.

Aa

 Fraunces

 Headlines, cards, titles. ExtraBold, tight.

Aa

 Manrope

 Everything people read at length.

Aa

 DM Mono

 The machine's voice: kickers, commands.

Make a terrible decision.

 Same room. Full screen.
